Dear Dr. Nadler:

It's hard to believe that over 20 years have passed since you have been my dentist. During many of those years, you would discuss with me the unique problems that I had with my teeth, namely my bite that caused severe wear. Through your professional counsel and skill, a plan was formulated and recently completed to repair the damage and improve my smile. The results were as good as I could have hoped for. It's now a source of pride to smile. I appreciate all your help in getting my smile back.

Thank you,
